Part 1

Manitoba Population Report – 2011

Introduction and Overview

FOREWORD

The population data shown in this report are based on records of residents registered with Manitoba Health as at June 1, 2011.

Data for the regions include population of cities, towns, villages, rural municipalities, local government districts, and unorganized territories. It should be noted that villages and towns are separately identified if these are incorporated. If unincorporated, the population counts are included in the rural municipality in which these are located.

Population for small areas (for example, a rural town) can be biased because the mailing address may be reported as the place of residence. An individual residing outside the town, but having a mailing address there, may be counted as living within the town. This bias in the population figures is reduced as the catchment area increases. Thus, regional estimates are not significantly affected by the mis-classification bias. Fluctuations from year to year for these small areas might also be affected by changes to mail delivery locations assigned by Canada Post.

The type of place indicates First Nations, unorganized territory, and municipal status of incorporated places (city, town, village, rural municipality, and local government district). The following list indicates the abbreviations used for types of places:

FN First Nation Band

LGD Local Government District - a designated area having no local government; administered by the province through a resident administrator.

R.H.A. Regional Health Authority

RM Rural Municipality

POPULATION REPORTING CHANGES IN THE 2011 POPULATION REPORT

Internal improvements affecting population reporting have enabled more appropriate identification of on-reserve residents of some First Nations communities, as of the 2011 population reports.

MUNICIPAL AMALGAMATIONS IN THE 2011 POPULATION REPORT

The municipal amalgamations listed below are reflected in the five-year populations included in the 2011 population reports. These amalgamations were first implemented in the 2010 population reports.

The Village of Garson has been amalgamated into the **RM of Brokenhead**.

The Village of Powerview has been amalgamated into the **Town of Pine Falls**.

The Town of Gimli has been amalgamated into the **RM of Gimli**.

The Town of Killarney has been amalgamated into the **RM of Turtle Mountain.** To reflect this, the RM of Turtle Mountain will now be called the **RM of Killarney-Turtle Mountain**.

The Town of Shoal Lake has been amalgamated into the **RM of Shoal Lake**.

The RM of Shellmouth has been amalgamated into the **RM of Boulton.** To reflect this, the RM of Boulton will now be called the **RM of Shellmouth-Boulton**.

The RM of Park North has been amalgamated into the **RM of Shell River**.

Population Changes

The purpose of this section is to highlight changes in the population of Manitoba. Changes are determined by comparing the registration file for the current year to that of the previous year. A file is created for additions (residents on the current file but not on the previous file) and one for deletions (residents on the previous file and not on the current file). After determining reason for coverage or cancellation, those coded as deaths, births and other(1) are separated, leaving only arrivals and departures. The deletions are subtracted from the additions with a resulting net migration.

Figures 1a, 1b, and 1c depict the actual number of residents cancelled from the registration system upon notification of death during the period June 1, 2010 to June 1, 2011. Figures 1b and 1c are female and male profiles.

Figures 2a, 2b, and 2c represent population migration. In-migration and out-migration with a resulting net migration trend line are depicted. Manitoba gained population through in-migration between June 1, 2010 and June 1, 2011. There were 30,013 in-migrants and 10,441 out-migrants resulting in a net in-migration of 19,572. Figures 2b and 2c are the female and male trends.

(1) Member of the Armed Forces, inmate of a penitentiary, or not located.
